CM Storm Scout 2 (Ghost White)

SGC-2100-WWN1

CM Storm **Scout 2** (**Ghost White**) - The long awaited successor to the infamous Scout is ready to be deployed! It follows a more round futuristic theme and features improved steel reinforced carrying handles, bolted to the core structure. The top console has been upgraded to USB 3.0 for high power charging and lightning fast file transfers, and can be hidden and protected from dusty battlefields, friendly fire and melee attacks behind a slide cover. The 1st HDD cage can now be removed, to support monster VGAs like the NVIDIA GTX 690 and AMD HD 7990, turning it into a powerful Battlestation.

Features

- Ergonomic steel reinforced carrying handles
- Supports up to 9 fans, including two pre-installed 120mm white LED fans in the front and two optional 120mm fans on the acrylic side panel window
- Top panel LED switch to disable the LEDs of front LED lit case fans at night
- Supports up to 3 ODDs (tool-less), 7 HDDs and 4 SSDs for increased expandability
- Supports all high-end graphics cards up to 399mm / 15.7 inch with the 1st HDD cage removed
- Dual USB 3.0 support for 10x faster file transfer and high current smart phone / tablet charging (~1A)
- Dust filters for PSU (slide out) and front panel
